---

Mickie update: well, lack of one. She's still in the hospital. Don't know if she'll be coming home or going to rehab. If she's going to be at Shorehaven on Sunday I'm going to lead an ad hoc club ride to visit her.

So, the ad hoc club ride.... I'll be having breakfast at Janie's in Sullivan at 8 AM tomorrow, then riding a scenic route to Dycora Rehab in Watertown. If you'd care to join me, well, that would be exciting.

I don't know that I'll be exciting but I'll be there.

Club ride turned out great. Mickie dared me to do it and was pleasantly surprised when Bob and Ron and Ernie strolled into her room. Eventually she noticed that I was there, too.

Thanx for the nice ride Tom, 🙏  
even though our fearless leader was on a domestic product.

I never knew one of those could do the twisties without scraping chrome, I was impressed! 🙏

It was nice to talk with Mickie. 🙏

Thanks for breakfast

Bob R
